QUESTION 32

For this question, decide whether the action makes it likely or unlikely that a trainer will achieve the goal. Select the BEST statement that explains why the action is likely or unlikely to accomplish the goal.

GOAL: To facilitate the learning process for a group of learners in a training class who are falling behind the more advanced learners

ACTION: The trainer asks the more advanced learners to tutor the less advanced learners during the last part of each class.

- A. Likely, because the more advanced learners will feel flattered by being asked to act as tutors.
- B. Likely, because the less advanced learners will respond positively to peer tutoring.

- C. Unlikely, because the more advanced learners might not have any teaching experience.
- D. Unlikely, because instructional time will be reduced for the less advanced learners.
